RETURNING TO *study*

Whatever your reason, the choice to return to study can be exciting, but also a little daunting. Whether it is to advance your career, increase your skills or simply pursue an interest, you will probably have lots of questions about university life and queries about enrolment, costs or time commitment.

ACU has a strong network of staff and support services dedicated to making your return to uni simple and successful.

Finding the balance

We understand mature age students are busy, likely juggling work and family commitments. At ACU we offer flexible options and supportive technologies, such as evening classes, part-time study and online resources, to help you balance your commitments.

How much time you dedicate to study is up to you, however, on average each unit will require at least three contact hours per week, each semester. Depending on how many subjects you take, your learning curve and what your commitments are, you can work out the required amount of study time for you.
