

WHY STUDY AT ACU?

1

UNIQUE

Australian Catholic University (ACU) has six campuses around Australia. We aim to empower our students to think critically and ethically, and gain the skills to bring about change in their communities, professions and industries.

2

WE VALUE YOU

As a publicly funded university, we welcome staff and students of all beliefs and backgrounds, and uphold a respectful, open-minded and culturally diverse learning environment.

We support our students in attaining the highest level of academic achievement through the provision of quality teaching and resources.

We are committed to providing equal access to education for all people.

We provide flexible learning options such as part-time study to meet the ever-changing needs of our students.

3

PRACTICAL EXPERIENCE

We build and maintain strong links with our communities and industries to produce highly skilled professionals who are leaders in their field.

Throughout the course of their studies, students can undertake professional placements, volunteer work and community service, with many securing excellent jobs before they graduate.

4

MORE THAN STUDY

University is a great place to meet new people and have new experiences.

Each campus student association regularly hosts events such as barbecues, balls and concerts. There are also clubs, societies and initiatives, and sporting events such as ACU Games and University Games.

We are committed to the development of social and community engagement by providing opportunities such as volunteer experience programs which allow students to give back to their communities and make a difference.

5

TRAVEL THE WORLD

Students don't have to wait until they graduate to see more of Australia and the world.

ACU students can attend an overseas university in more than 16 countries, complete an internship with Disney, and work in community programs around the world – all while receiving credit towards their degree.

6

YOUR SUCCESS

We understand that success means different things to different students.

The Office of Student Success works closely with students to meet their unique personal and academic needs. The Office provides academic skills, career development and counselling services, and support for people with special needs or disabilities on each campus.

Campus Life Coordinators and ACU National Student Association (ACUNSA) ensure students have the resources they need to achieve a healthy study/life balance.

7

CATHOLIC INTELLECTUAL TRADITION

As Australia's leading Catholic university, ACU is fortunate to be supported by the richness of more than 2,000 years of Catholic intellectual tradition.

As a member of the International Federation of Catholic Universities, we are devoted, through research as well as teaching, to communicating truth in every field of knowledge, and to promoting the dignity of all people and the common good.
